

Preliminary Call for Papers

6th ACM/ACIS International Conference on Applied Computing & Information Technology (ACIT 2018)

June 13-15, 2018, Yunnan University, Kunming China

Sponsored by International Association for Computer and Information Science (ACIS)
In-Cooperation with the Association for Computing Machinery (ACM)

Proceedings will be published by ACM and to be indexed by EI, INSPEC and DBLP

Conference officers will select outstanding papers for publication in the following journals (www.acisinternational.org):

- *International Journal of Networked and Distributed Computing (IJNDC)*, Paris, France
- *International Journal of Software Innovation (IJSI)*, IGI Globe, U.S.A.
- *Studies in Computational Intelligence (SCI)*, Springer, Germany

Conference officers are arranging two special issues of SCI-Indexed Journals to publish outstanding papers.

- *Special Issue: Machine Learning for Intelligent Systems Journal of Robotics, Networking and Artificial Life (JRNAL)*
- *Special Issue: Knowledge-Based Intelligent Systems for Smart Computing International Journal of Computational Intelligence Systems (IJCIS)*

The 6th International Conference on Applied Computing & Information Technology (ACIT 2018) brings together researchers, scientists, engineers, industry practitioners, and students to discuss, encourage and exchange new ideas, research results, and experiences on all aspects of Applied Computing & Information Technology. ACIT 2018 aims to facilitate cross-fertilizations among, and is soliciting papers in the key technology enabling areas. The topics of interests include but not limited to:

Agent Technologies and their Applications	Enterprise Application Integration	IT and Organizational Change Management
Applied Intelligent Systems	Enterprise Database Technology	IT Education
Applied Wireless Computing	Enterprise Resource Planning Systems	IT Effectiveness and Performance Management
Business Process, Modeling, Analysis, Re-engineering, Management	Game Informatics	IT Investment and Project Management.
Distribution and Logistics and Applications	Geographical Information Systems	Knowledge Management and IT Transfer
E-Business and E-Government Adoption	Information and Internet Security	Mobile Commerce and their Applications
E-Learning and Applications	Information Strategic Planning and Recourse Management	Policy, Legal and Global Issues of IT
